Time really flies! This comic has already reached its 7th volume! Finally, the 2nd adventure will reach its climax! What will be the result of the final battle against the Elite Four!? Both Pokémon and Trainer are determined to do their best, so be on the lookout for Yellow's battles!

Mato

When I was playing the latest Pocket Monster GOLD & SILVER edition game, I was surprised with the wide range of functions available! I was quite caught up experimenting with the "Day of the Week", "Day and Night", "A Strange Gift" and the "Printer Correspondence Function" etc. As such, it took a bit longer to complete the comic. So , How many Pokémon did you capture?

The shocking climax of the Yellow story! Yellow's deepest secret is finally revealed, but there is no time to waste, as he must still battle Lance's dragon-type Pokémon! However, can he stand up to Lance's invincible Pokemon force with a borrowed Mewtwo and his own low-level Pokémon friends?
